This Town... That World

The calendar says this is the first day of spring—regardless of the temperature reading or what the weatherman says.

THIS IS WHY

We have had several letters from subscribers who report they did not receive their Floyd County Times last week and want to know how come. If you will take the "y" out of the first word in our name and substitute an "o," you will get the answer.

The truth is, we did not get flooded; but, having had a small dose of floodwater in 1957, we moved out last Tuesday, along with most others hereabouts, and had trouble getting back.

Here's a good question:

How can a road, the bottom of which was declared to have dropped out two months ago, hold as much water as it did last week?

SINNING, WE'RE SINNING AGAINST

It is natural for the hit dog to yelp, and I was in a yelping mood this week. So I sat myself down and indited a rather lengthy editorial, raising the merry Ned with Washington for its failure to recognize the needs of this area and to do something about them.

FIRES FOLLOW FLOOD, DESTROY MANY HOMES

Fires became a destructive aftermath of last week's flood in this county and at least six homes and one business were destroyed and another home severely damaged.

Many of the fires were caused, it is thought, by short-circuited electrical wiring due to the water. In several instances fire department personnel and neighbors could not reach the blazing homes for the surrounding water.

Barnett's Gulf Service Station at Martin burned down Friday evening. The fire was attributed to a shorted electrical current. The amount of damage was not learned.

Fires struck in two places at Har-old. The home of Joe Taylor burned Wednesday evening of last week while it was surrounded by water and neighbors could only stand helplessly by and watch it burn. Damage was estimated at \$12,000. The nearby home of Doug Hall burned the preceding evening with everything lost. Mr. Hall was in the hospital at the time. The house was the property of Grant Akers.

The home of Fred Hall, Wayland, burned down at 5 p.m., Monday. The blaze was attributed to a shorted electrical current although the water only surrounded the house and did not enter it. The Allen Community Fire Department reached the scene early but the home burned quickly, according to neighbors. The Allen group did succeed in saving the adjoining home of Claydon Sherman.

Another home that burned Wednesday of last week in the Beaver Creek area belonged to Jack

Flood Disaster Again Hits County

FEDERAL, STATE AID SEEN ON ROAD REPAIR ROAD DAMAGE FROM FLOOD WORST EVER

**\$250,000 Loss Seen
To Roads, Bridges;
Study Half Finished**

Federal and state help toward the reconstruction of flood-ruined roads and bridges has been promised Floyd County, County Judge Henry Stumbo said Tuesday night after he, State Department of Highways engineers and three of the county's magistrates had inspected the damage created by last week's waters.

"Without help from these sources, the county could never replace these bridges and roads," Judge Stumbo said. He estimated the damage will run as high as a quarter-million dollars.

The listing of damaged highway projects had been completed in Magisterial District 2 as of Tuesday night. The inspection party had two other districts only half finished, and the survey in the other district was even less complete.

Stumbo said it appears at this time that 105 bridges are out and that from 125 to 130 sections of road have been washed away.

"We've had nothing like this before," Judge Stumbo said. He cited a few instances of the damage as representative of the county:

In Magisterial District 2 eight bridges and 14 roads have been washed out. On the left fork of Toler Creek, in District 4, 95% of the road is out and on main Toler, a road which was completed only last spring, 45% of the road-bed is gone. He added that in District 3 75% of the six-mile Frasure's Creek road is washed away.

Prolonged freezing weather had reduced county roads to pitiful condition long before the rains came. But last week's flood left no road in many places, it was pointed out.

The fiscal court has its own equipment at work and has hired the services of two in-loaders, four trucks and a bulldozer. State equipment has been added to this machinery in an attempt to cope with the situation.

Judge Stumbo said federal representatives were expected to arrive in the county Wednesday.

Dingus, at Warco. The brick home was completely razed. The family lost all the house furnishings, furniture and clothing. Amount of damages was not learned.

A frame home belonging to Arnold Clark on the Auxier Road burned Wednesday afternoon. Water had entered the house and the family had moved out. Several persons in boats attempted to reach the flaming house but were prevented from doing so because of an overhanging high voltage electric line.

Water prevented the saving Monday morning of the home of Orville Dotson on the Abbott Creek road although the Prestonsburg Fire Department had reached the site. Backwater to a depth of several feet stood between the fire truck and the house.

The home of Mrs. Mary Conn, at Emma, was saved by the vigilance of the Allen Community Fire Department. The home had been flooded and the house furnishings had been stored in the attic. Mrs. Conn was ill and in Michigan at the time. The Allen firefighters, unable to drive the fire truck across the bridge, took a portable pump to the scene and while they were seeking a water supply across the railroad the evening passenger train arrived. A fireman stopped it long enough to allow time to extinguish the blaze.

The Prestonsburg Fire Department in order to provide against contingencies stationed a fire truck at Lancer and one at West Prestonsburg. No fires struck any homes in the corporate limits, it was said by Fire Chief Henry Gray.

TOWN MEETING IS SCHEDULED

Mayor George P. Archer and members of the City Council this week urged all citizens of Prestonsburg to attend the town meeting at the grade school auditorium Friday night to hear and take part in a discussion of the new sewer system and sewage disposal plant on which work is to be begun shortly.

The meeting will begin at 7:30 p.m.

"The method of financing such a system, building of lines, etc., is complicated, and many questions and misunderstandings have arisen in our minds about the entire project," an official statement calling the meeting said.

The city has run into difficulties, in some instances, in the work of procuring property easements.

SBA OFFICE OPENS HERE

**Three Counties Slated
For Service Here; Loan
Specialist Is In Charge**

Announcement was made Tuesday by R. B. Blankenship, manager, Louisville Branch Office of the Small Business Administration serving Kentucky, that a Small Business Disaster Office was opened at the Allen-Weddington building here Tuesday. Office hours will be from 8:30 a.m. to 5:00 p.m., Mondays through Saturdays.

Murray J. Ferguson, loan specialist from the Louisville branch office, is in charge of the disaster office, assisted by C. L. Davies, also a loan specialist of the Louisville office.

The office is being opened to assist those in Floyd, Johnson and Martin counties who have suffered losses as a result of the recent flood. Applications will be accepted and loans will be made to eligible persons to rebuild and repair damaged or destroyed property. They are low-interest-rate, long-maturity loans, and anyone desiring assistance from the SBA should contact Mr. Ferguson or a member of his staff at the office here. Disaster loans are limited only by the amount of loss brought about by the flood and can be made to eligible applicants who have the ability to repay and who are unable to obtain the funds from private sources. Both homes and business properties are eligible.

Additional offices are at Martin, in the Lawrence Keathley building, Saturdays only, 8 a.m. to 6 p.m.; and at Garrett, in the Bob Griffith and Motel, Sundays only, 9 a.m. to 6 p.m.

AGED FORMER CLERK DIES

**Samuel Porter, Retired
United States Marshal,
Succumbs At Lexington**

Samuel S. Porter, 81, of Lexington, a retired United States Marshal and pioneer Floyd county coal operator, died Saturday at 11:50 a.m. at the Good Samaritan hospital, Lexington.

Mr. Porter served as deputy marshal for the Eastern District of Kentucky from September, 1935, until he retired at the age of 70 in 1951. When John M. Moore, of Pikeville, resigned as marshal in 1954 Porter was named to succeed him until Curtis Clark, Prestonsburg, was named.

He was a native of Van Lear, engaged in mining for 20 years, served as a teacher and as Circuit Court Clerk of Floyd County.

He was a son of Henry Logan Porter and Minta Wells Porter and a member of the St. John Lutheran Church, Lexington.

Surviving are his wife, Dora Lee Porter; a daughter, Mrs. Leo B. Bunn, Huntington, West Virginia; a brother, Henry L. Porter, of Van Lear, and one granddaughter.

Funeral rites were conducted Tuesday at Lexington and burial was made in the Davidson Memorial Gardens at Irel.

SIX-DAY WEEK FOR SCHOOLS

**Authorized by Clark
As Needed To Regain
Time Lost This Term**

County Superintendent Charles F. Clark notified Floyd county teachers this week that time missed from school during the recent flood "has made it absolutely necessary that we go into Saturday sessions."

Snow and ice-covered roads had already cost the school system so much time in days missed from classwork that the end of the term was certain to be delayed till only a few days before opening of the college summer terms which many teachers hope to attend. The four days lost last week pushed the term-closing date past summer college enrollment time, necessitating Saturday classes.

In deference to teachers who are currently enrolled in Saturday college classes it has been tentatively decided to teach the Saturdays of March 23, April 6 and 20 and May 4, Clark said. He added that Pikeville College has promised to do everything possible to enable teachers enrolled in Saturday work there to complete their courses by attending classes on alternate Saturdays.

In a letter to teachers the Superintendent authorized them to teach any and all Saturdays required to finish the school year by June 7. He added that teachers who do not propose to go to summer school and who are teachers of one-room schools need not plan to complete their terms so soon, since they really have till June 30 to finish. Consolidated teachers who are farther behind than others were told to teach as many Saturdays as necessary.

All schools closed by the flood, except Martin, Garrett, Betsy Layne and Harold, opened Monday. Martin and Garrett reopened Tuesday but Harold and Betsy Layne will not resume classwork till later in the week.

Besides the four whose re-opening was delayed after the flood, schools invaded by the high water were those at Lackey, Maytown, Drift, McDowell, Prestonsburg high, Banner, Lower Cow Creek, Brandy Keg, and Lancer.

PLAN DINNER FOR CHANDLER

**Fund-Raising Event
Scheduled At Lodge;
600 Persons Expected**

A \$10-a-plate fund-raising dinner here for gubernatorial candidate A. B. Chandler on March 23 was announced Saturday by the Chandler-Waterfield campaign headquarters for the Seventh Congressional district.

The buffet-style dinner will be served in the May Lodge at Jenny Wiley State Park from 5:30 to 7:30 p.m. Chandler will address the gathering after the dinner. The arrangements committee is anticipating at least 600 people.

Joe Weddington, spokesman for the Seventh district headquarters, said, "Observers will see, at this gathering, that we really have the people to do the job."

IN REVIVAL

The Rev. W. D. Jaggars is preaching in a revival at the First Baptist Church, Wheelwright, this week.

AREA FLOOD INFLECTS HUGE SCHOOL DAMAGE

The recent flood damaged properties of the Floyd county school system approximately \$250,000, it was estimated this week by Superintendent Charles F. Clark. A total of 108 classrooms had anywhere from one inch to 110 inches of water, he said.

Some or all of the buildings of these schools were flooded: Garrett high school, Lackey grade school, Maytown high, Martin high, Allen grade, Drift grade, McDowell high, Harold grade, Betsy Layne high, Prestonsburg high, Banner grade and Lower Cow Creek rural school.

Prestonsburg high school had only one inch of water but the gymnasium here had 19 inches of water. Most lunchrooms were flooded.

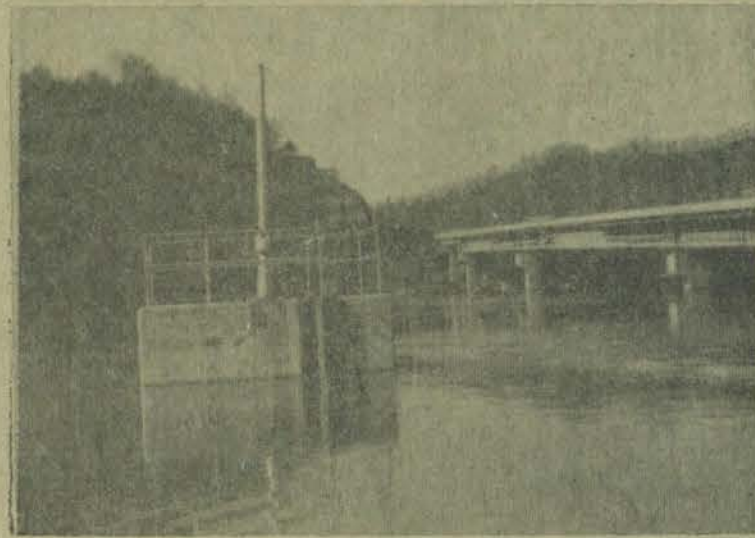

Clark itemized partial losses to the school system as 286 pupil desks and 82 teacher desks destroyed. In addition 11 electric motors, 13 hot water tanks, 96 gas stoves and five steam boilers were flooded and need repairs. The garage and shop at Allen had 67 inches of water.

No vehicles were lost due to the vigilance of the maintenance employees who remained on duty for a 48-hour stretch.

Bus service has been disrupted due to washed-out bridges, and nine contract runs are not in operation, Clark said.

The huge job of digging the schools out of the mud began almost immediately after the waters receded and by Monday all but four schools were back in session.

RED CROSS AID PLANS IN DISASTER DEFINED

Emergency assistance now—rehabilitation help later, and that to be given after thorough investigation of each individual case.

This is the work to which the American Red Cross and its Floyd County Chapter are committed to meet the needs of Floyd county residents who suffered from the tragedy of flood last week. Harold C. Dicks, Floyd county disaster chairman for the Red Cross, has announced. Mr. Dicks is pastor of the Arnold Avenue Church of Christ here.

In a prepared statement the disaster chairman set out the aims of the Red Cross and particularized as to the work to be done and the methods proposed. His statement follows:

The local chapter of the National Red Cross was on hand at the scene of another terrible tragedy to this county. Realizing the scope of our emergency needs was beyond our local staff. National workers were called in to assist. Four centers have been set up in the county to meet their immediate needs of food, bedding and clothing. The Red Cross will be shortly moving into the second phase of its program of rehabilitation of the families affected. It has been estimated that 1,700 families will receive help from this program.

(All the thousands of incidents—the heroic, the tragic, sometimes the ludicrous—attending a disaster such as last week's flood cannot be recorded by a newspaper with its limitations of space, manpower and ability. But the following notes, made by The Times' Henry P. Sealf following brief stops in various communities, serves to indicate the gravity of the situation in almost every section of the county.—Editor.)

WAYLAND, GARRETT, ESTILL, GLO, LACKEY—Collins Furniture hard hit. Stock loss heavy . . . Houses at Estill under water (all near highway or railroad), four feet in former mining camp houses . . . Four feet of water in several Glo houses . . . Most of the inundated houses at Estill stood stark and gutted . . . The muck was deep there . . .

The Floyd County Red Cross is very grateful to the many groups and interested citizens who have worked tirelessly in meeting these emergency needs of transportation and distributing supplies. The Floyd County Emergency & Rescue Squad has done a tremendous job.

The National Red Cross has at the present time a staff of eight workers in the county. This total will be added to by case workers for the rehabilitation phase of the work. Headquarters for rehabilitation will be in the First Methodist Church basement in Prestonsburg for the duration of the operation. We are very fortunate and appreciative of these fine facilities.

Statement of Facts and Purpose

All Red Cross assistance work will be done from the Prestonsburg center in the First Methodist Church. The temporary centers at Martin and Garrett have been closed.

Persons desiring to apply for Red Cross assistance should call at the Prestonsburg center between the hours of 9 a.m. and 4 p.m., Monday through Friday, and on Saturday from 9 a.m. to 1 p.m.

BERRY PLANT WILL REMAIN

**Plant Owner Decision
Made; 153 Acres Sure,
More Sought in Area**

The strawberry processing plant which served this area last year will remain in Prestonsburg for the coming season.

Announcement of the decision to stay here for at least another season was made March 8 by Carl Abbott, Bedford, Kentucky, owner of the plant, at a Paintsville meeting of area representatives.

The announcement was a welcome relief to county agents, farm and business leaders who had worked overtime during recent weeks to sign up strawberry acreage sufficient to justify operation of the plant this year.

Mr. Abbott's decision was made in spite of the fact that the 200 acres of strawberries sought was not reached. As of Monday, plants had been paid for in quantity sufficient to plant 153 acres in the eight-county area which the processing plant will serve. County Agent Jack Friar said Floyd and Johnson counties have promised Abbott to work hard toward an additional 15 acres by March 20, which is the last date for ordering of strawberry plants.

Johnson county this week led all others in the number of acres of plants purchased with 48. Acreage for which plants have been bought in other counties follows:

Floyd, 23; Pike, 28½; Magoffin, 20; Morgan, 12; Martin, 5½; Letcher, 5; Breathitt, 12.

The plant will be located here in the Floyd County Emergency & Rescue Squad building, as in 1962.

Growers hesitated in many instances to buy plants because, they said, they found it impossible last year to hire help at harvesting time. Many food stamp recipients declined employment, and some strawberry crops were partially lost.

But a recently announced ruling governing eligibility of residents to benefit from the food stamp program is expected to alter the situation.

RECORD HIGH WATER STAGE HITS BEAVERS

**Floodgate Protects
Large Part of P'burg;
Nine Homes Destroyed**

Rampaging streams last Tuesday and Wednesday cut a swath of destruction through Floyd county that brought to all the county memories of the flood of 1957 and to some sections damage and suffering exceeding even that of the disaster of six years ago.

There was no loss of life in this county. A Wayland boy, reported missing, has been located.

No official estimate of the damage is available. It is believed to be in the millions.

In the Right and Left Beaver Creek areas, in particular, the floodwaters rose to heights greater than hitherto recorded, and there the damage was greatest as the streams rose swiftly and residents found no time in which to evacuate their belongings.

From what has been designated by the American Red Cross as the Garrett area (from Wayland to include Langley) nine homes were destroyed, 120 suffered major damage, 800 minor damage, and an estimated 900 families suffered losses.

Prestonsburg was spared an estimated \$300,000 damage as a result of the successful operation of its floodgate, although the section of town north of Patton street to the Cliff bridge was inundated, as were West Prestonsburg and Lancer. The river rose to the 46.6-foot mark here but homeowners and business firms had warning in time to move to higher ground.

The water here and elsewhere along the Big Sandy was approximately 18 inches below the 1957 level. The partially completed John Flannagan dam at Pound, Virginia reduced the flood peak by two feet, the U. S. Corps of Engineers said.

But the Beaver Creeks and other smaller streams did not so benefit. The sudden surge of water hit town and countryside there Tuesday night, rising as high as five feet above all previous flood marks. Wayland on Right Beaver and the Wheelwright area on Left were the first to bear the brunt of the flood, with the former apparently suffering most. The swift stream soon was in Estill, Lackey, Garrett, Bosco and other downstream towns.

The story on to Martin, where the two Beavers converge, and to Allen where Beaver Creek empties

Bacon Biscuits

Here's a delicious biscuit variation your family will enjoy. Taste-tempting Bacon Biscuits made with wonderful Silver Mist Flour.

Silver Mist Flour is pre-sifted. So, you need never sift again for anything you bake. Complete instructions for "no-sift" baking are printed on every bag. This fine, white flour bakes right because it bakes light. Buy Silver Mist Flour at your grocer's today.

Silver mist FLOUR

**Silver Mist
BACON BISCUITS** (A Silver Mist Pre-sifted Flour recipe)
4 slices bacon 1 tsp. salt*
1 1/2 cups + 2 tbsps. Silver Mist 1/2 cup shortening
All-Purpose Flour 1/2 cup milk
3 tsp. baking powder*
CUT.....bacon into small pieces and fry until crisp; drain on absorbent paper.
SPOON....flour (not sifted) into dry measuring cup. Level off and pour measured flour into bowl.
ADD.....baking powder and salt to flour (not sifted) and stir to blend.
CUT IN....shortening. Stir in cooked bacon.
ADD.....milk, stirring with a fork until all flour is moistened.
TURN OUT...onto lightly floured cloth-covered board and knead gently for 20 seconds.
ROLL.....to 1/2 inch thickness; cut with lightly floured biscuit cutter, making one sharp cut for each.
PLACE.....on ungreased baking sheet.
BAKE.....at 450° for 8-10 minutes.
YIELD.....12-14 2-inch biscuits.
*If you use Silver Mist Pre-sifted Self-Rising Flour omit baking powder and salt.

- CHARLES CLARK**, Supt. Floyd County Schools 3-21-31.

CITIZENS OF FLOYD COUNTY:

I would like to submit to you herewith my candidacy for reelection for Circuit Judge.

It is quite true I intended to retire at the end of this term, and so stated. However, the law at that time provided for retirement at age 60. In 1962 the law was changed to age 65. Circuit Judges have nothing to say about the age at which they can retire. The legislature determines that question, just like the miner's union determines the age at which miners retire, and like private companies have their individual retirement systems. I am now 58 years of age and feel that I have some more good years before me.

In connection with the retirement question, I should also tell you that the retirement law also provides that persons in my classification may at 60 become Special Circuit Judges at about 25% reduction in salary. This Special Judge's work involves being sent all over the state to try cases in which the regular judge is disqualified. I do not like this work away from home, neither does my wife. Furthermore, many local attorneys today make twice the salary made by Special Circuit Judges.

There are other reasons why I decided to seek re-election:

First, I would not like the situation of being a Special Circuit Judge, and there would be a period of eight months after this term before I would be eligible for that.

Second, and a most important reason, the **BIG LIQUOR MONOPOLY** is against me and has boasted that it is out to get rid of me. You people of Floyd county know a lot about this liquor situation, and I do not have to spell it out to you. I want you to tell your neighbors the whole story and let's show them that the Liquor Monopoly cannot tell the people of Floyd county who their judge will be for the next six years.

A third reason I am seeking re-election is because of the **BIG DEAL**, engineered by a handful of would-be, big-shot politicians, some of whom were disgruntled because of cases I have tried, and in which my opponent was persuaded, against his own previously expressed plans and desires, to run for Judge instead of Commonwealth Attorney.

Many months ago my opponent, Hollie Conley, voluntarily told me he would not run for Circuit Judge, but preferred to run again for Commonwealth Attorney because, as he stated, he had a nice super-market at Garrett, a good law practice, in addition to his salary as Commonwealth Attorney, and that he could do much better financially with his present arrangements than with the office of Circuit Judge. About Sunday night the 4th of February, this little group of ambitious and selfish men worked out the **BIG DEAL**, whereby Mr. Conley would change his mind and run for Judge. Their idea was to get a Judge that would suit them. I did not suit them. Now, I have nothing against my opponent, Mr. Conley, but it is not good that your Circuit Judge be selected by this or any small group of disgruntled politicians. If he were your Judge, he would certainly have a great obligation to these men.

When I made the first race for Judge, I assured the people of the District that I **WOULD NOT ENGAGE IN PARTISAN POLITICS**. Rule 35 of the American Bar Association prohibits Circuit Judges from engaging in partisan politics. I have kept my promise to you in this respect, with the single exception of some traveling I did with my brother, Lon Hill, when he made the race for Representative. I believe that a Circuit Judge should not dabble in any political affair. He should be able to give a square deal to every litigant and to every person charged with crime, regardless of whether he is colored or white, rich or poor, Democrat or Republican, pro-Breathitt or pro-Chandler. If re-elected, I shall continue to keep out of any and all political entanglements; to not obligate myself to any person, politician, or organization, and not to have any bosses or favorites lurking in the shadows of the courtroom.

As to the present Governor's race, let me assure you, here and now, that I shall have nothing whatever to do with the race, not even to the extent of attending any political rally, on either side. That race involves the Executive branch of our state government. My race is in the judicial department. Our Founding Fathers wisely provided that they be separate and distinct, and I shall follow their mandate.

Some of these politicians have been beating around the corner drug store that I am afraid to make this race. To this I would say, I was born and nurtured in Floyd county. My ancestors have been here since long before the Civil War, and my great-grandfather, for whom I was named, was sheriff of Floyd county, before the Civil War, and now sleeps on a point in Prestonsburg, overlooking the fine new bridge at the north end of town. I

love Floyd county and its striving people. They are entitled to the best. So far as being afraid to run is concerned, I am not afraid of anything that walks upon this earth, more especially a selfish politician or group of them.

I'm all alone in this race, with no politician obligated to me, nobody for me but the PEOPLE. This is your fight, for the welfare of yourselves and those you cherish. I call upon all of you to join in this crusade for a time-tested Judge, for a court free of political domination, where the law may be enforced impartially, and where mercy may be shown when deserved.

Respectively,
EDWARD P. HILL
(Pol. adv.)

SAVE OUR SCHOOLS

(FROM THE POLITICIANS -- FROM THE SELFISH GROUPS)

WE READ WITH INTEREST IN OUR LOCAL PAPER RECENTLY, certain TEACHERS forming a group with the title—SAVE OUR SCHOOLS—But their slogan should have added—From THE POLITICIANS—From THE SELFISH GROUP. These words would have been appropriate, had they the Taxpayer, the Children and Schools at heart.

HOW MUCH SALES TAX MONEY HAS GONE INTO SCHOOL CONSTRUCTION IN FLOYD COUNTY?

NONE! NONE! NONE!

HERE ARE THE FACTS:

The new Mud Creek School Building construction was financed by School Building Revenue Bonds for the total construction cost, fiscal agent fees, architect and engineer fee, the Contract bid was \$313,626.63. In awarding of the bid by the Fiscal Court in conjunction with the Board of Education Section 2 therein contains the following: (quote) "that the acceptance of this bid subjects the County to no liability in the EVENT that the County for any reason shall be unable to issue School Building Revenue Bonds to provide funds to pay contract price."

These bonds were issued pursuant to section 162-120-162-300 Kentucky Revised Statutes.

Contract awarding and bond authorization of record in Fiscal Court Order Book 7 at Page 223, Dated July 1, 1961.

MIDDLE CREEK PROPOSED SCHOOL

MIDDLE CREEK PROPOSED SCHOOL BUILDING, Total contract price \$366,000.00, same procedure as to financing by School Building Revenue Bonds, and is of record in Fiscal Court Order Book 7 at page 337, 338, 339 and 341, dated October 12, 1962.

GARTH VOCATIONAL SCHOOL

GARTH VOCATIONAL SCHOOL, contract price \$167,450.56, same procedure as to financing by School Building Revenue Bonds, and is of record in Fiscal Court Order Book 7 at page 343, dated November 2, 1962.

IN CHECKING THE REFERENCE RECORDS AS TO EACH OF THESE SCHOOL BUILDING REVENUE BONDS, YOU WILL NOT FIND ANY PROVISIONS WHERE, THE SALES TAX MONIES ARE TO RETIRE ANY PART OF THIS BONDED INDEBTEDNESS. YOUR TAXES ON REAL ESTATE ARE PLEDGED AS SECURITY WITH WHICH TO RETIRE THE BONDS AND INTEREST OVER A PERIOD OF 30 YEARS.

IN DEDICATING the Mud Creek School Building our Superintendent of Schools in his remarks would have you believe that had it not been for the present State Administration and their Sales Tax, there would have been no New Building on Mud Creek. Were such remarks purposely made, motivated by political expediency or by CHANCE, THINKING YOU, THE TAXPAYER, was not aware of the part you are playing in this Construction — by paying, paying, your children and grandchildren paying on this building, through your county tax assessment—NOT YOUR SALES TAX. Too many men in HIGH OFFICE underestimate the intelligence of the MAN ON THE GROUND and always fail to recognize YOU THE TAXPAYER who make all the Dedication Ceremonies possible.

THE ADMINISTRATION supporters in their last weekly advertising in the local paper announced that \$2,175,000.00 was made available for the construction of two Community Colleges, one being here in Prestonsburg. In the same paper a news item on the front page announced that the University of Kentucky had agreed to issue \$1,200,000.00 in Revenue Bonds for the construction of these colleges. Revenue Bonds would be paid out of student fees, tuition and other fees collected over a period of 30 or 40 years. Again—You the Taxpayer paying the Bill—But not the Sales Tax Money helping to pay on this building program. THEY wanted you to believe that the cash was available from Sales Tax Collections.

SINCE SALES TAX MONEY IS NOT BEING USED FOR OUR SCHOOL BUILDING PROGRAM — THEN WHY ARE A FEW POLITICIANS AND CERTAIN SELFISH GROUPS, CRYING SO LOUD? WOULD THEY DENY THE POOR, THE WIDOW, THE ORPHAN, THE MAN OUT OF WORK, WHO MUST RELY ON FOOD STAMPS, such small token of relief to EXEMPT THE SALES TAX FOR THE VERY NECESSITIES OF LIFE: FOOD, CLOTHING AND MEDICINE.

WE BELIEVE, there are many Dedicated School people in Floyd County, and many have expressed themselves, that they do not subscribe to such Selfishness.

THE CHANDLER administration was the first to appropriate money for the MINIMUM FOUNDATION PROGRAM. He has always increased teachers' pay, advocated progressive Education Programs.

COMPARE the New Medical Center at the University of Kentucky which was constructed and paid for during the Chandler Administration at a cost of Twenty-Seven Million Dollars—No Bond Issue—No Sales Tax Money, all from savings through efficient operation of your State Government.

VOTE THE TAXPAYER WAY -- NOT FOR SOME JOB HOLDER OR PRESSURE GROUP. VOTE AND WORK FOR A. B. CHANDLER AND HARRY LEE WATERFIELD. THEY WILL LIGHTEN YOUR BURDEN BY TAKING THE SALES TAX OFF OF:

FOOD, CLOTHING and MEDICINE

DeROSSETT

For
CIRCUIT CLERK

This is my first time to ask the good people of Floyd county to entrust to me one of the highest offices in Floyd county, but I assure you that my background, qualifications and Christian training will be an asset in discharging the duties of Circuit Clerk.

In addition to the normal duties, I will promote a driver training program in every Floyd county high school. Such training can save you money on insurance premiums. One reason so many young people are killed on our highways is a lack of proper driver training.

As an extra service of my office I will send all drivers a 30-day notice that their licenses are about to expire.

I invite you to enquire of me. Ask my friends, my neighbors, my business associates, any one who knows me well.

If I win it will be on my merits, not shortcomings of any of my opponents.

Trusting your judgment, I am,

FRANK DEROSSETT

the Red Cross, people all over the country—your neighbors—are voluntarily helping you to recover from the disaster.

Red Cross assistance is of two kinds:

1. Emergency assistance. The Red Cross will provide immediate temporary assistance. If you need food, shelter, clothing or medical attention, report NOW to the nearest Red Cross disaster office or emergency shelter.

2. Assistance after emergency. The biggest job to be done is the re-establishing of homes. Those of you who need more than temporary aid to return to normal living may apply for Red Cross help at the Red Cross disaster office.

All help given in disaster is an outright gift of the American people through the Red Cross. The kind of help available includes:

1. Food, clothing and maintenance; 2. The repair or rebuilding of owner-occupied homes; 3. Furniture and other household necessities; 4. Medical and nursing care, hospitalization; 5. Occupational supplies, fixtures, inventories and equipment.

The Red Cross does not replace all losses. It is not an insurance agency. Insurance which you carry should be a vital part of your recovery plan. Red Cross meets those needs that you cannot meet yourself without undue hardship. Your situation will receive individual consideration by a Red Cross worker. Enough time will be taken to plan wisely with you and to verify certain information, such as home ownership, income and liabilities. The final plan will be viewed in confidence with an advisory committee of responsible local citizens. Each case will be handled as quickly as possible, with due consideration given such things as health or age, which might create unusual conditions.

Wares Against Misleading Rumors

The Red Cross never sells food or disaster supplies—never makes disaster loans—never expects payment for any assistance given. Any statements to the contrary are completely false, and you can help by reporting them, with the name of the person you heard tell them, to the nearest Red Cross office.

March is fund campaign time. Please give through your local Red Cross Chapter here in Prestonsburg. You can help us to help those who are in need.

MAY, SALYERS METED TERMS

In Pike Circuit Court; Armed Robbery Charge Made by Former Clerk

Given trial Monday in the Pike circuit court on charge of venue from Floyd county, Gordon May and Jack Salyers, both of Magoffin county, were convicted of armed robbery alleged to them by Former Floyd Sheriff A. B. Meade, of Prestonsburg. Each man was given a 10-year pen term.

Highly critical of the verdict, Meade said the charge of kidnapping would be awaiting the two when their present terms expire.

Testifying at the trial, the complaining witness told of giving the two men a ride from Salyersville to Prestonsburg as he was driving from Frankfort to his home here, of being held at the point of a knife, his life threatened, and robbed of his wallet and watch.

State Detective Chester D. Potter as a Commonwealth witness testified as to the admissions made by the defendants of guilt. Harold J. Stumbo, who as trial commissioner presided at the examining trial of the two, also testified. Other witnesses for the prosecution were Miss Alice Harris and W. R. Callihan, to the physical action at the end of the bridge here where the car was stopped and the defendants were taken into custody, and Jay Salyers, who picked up Meade's watch from the ground near where the car stopped.

The defendants testified that their admissions of guilt were made because they feared for their lives. They said Meade was ill when he stopped his car at Salyersville and that he asked them to drive him here. Explaining the tussle at the end of the bridge here, they said the former official had lost or misplaced his watch and wallet, then accused them of stealing the items and was searching them.

into the Big Sandy, was one of property loss and human suffering. Some families were forced to house-tops, others to cars to spend the night.

Most Beaver Creek towns escaped heavy loss in 1957 when river communities were ravaged. But this was not true of Martin. There and at Allen the same homes and the same businesses which felt the brunt in 1957 again were deep in water.

Along the river and through the Mud Creek section damage was heavy, yet not so devastating as in the Beaver Creeks.

The Red Cross estimated Monday that 2,510 families—roughly, 13,500 persons—were directly affected by the flood in this county. In Pike, Perry and Harlan the suffering was even more acute and widespread, it was reported here. Hindman was hard hit and for a time was isolated from the outside world.

In the Martin area (the Right Beaver section extending from below Langley to include Allen) the Red Cross said four homes suffered major damage, 400 minor damage and 800 families sustained losses.

The McDowell area (apparently embracing Left Beaver Creek) had no homes destroyed, 60 suffering minor damages and 60 families affected. The Hayes Metal Products Company office building on the Hobe Newman Branch of Clear Creek was knocked from its foundations and badly damaged when a settling pond used by a coal company burst from behind its dam.

The Red Cross figures show that in the Prestonsburg area (from Harold downstream to include Prestonsburg and vicinity) 50 homes had major damage, 650 minor damage and 700 families were affected.

In the Beaver Creek section store-owners began hauling away ruined stock as the waters subsided. The clean-up job was dismaying. Flooded water supplies at many points brought on the threat of disease.

At Martin the city water system failed Tuesday, and for a period of about two days the plight of the community grew worse. hourly. The first surge of Beaver Creek, which sent its current racing through the town's main street at a depth of five feet, had no sooner begun to drop than the rising Big Sandy sent backwater into the town.

In most places there, power services was disrupted. The town's two hospitals, the Beaver Valley and Our Lady of the Way, were filled with patients, and for hours they were without drinking water or electric power.

While the Beaver Creek sections were suffering, Monday night and Tuesday, Prestonsburg was bracing for the onslaught. Tuesday was moving day here. All business places and residences affected by the 1957 flood were evacuated by nightfall.

While employees of the city-owned utilities system and others kept the pumps at the floodgate going, night and day, to pump surface water accumulations from behind the flood-wall into the river, officials stood fast in refusing to open the flood-

gate. As a consequence dust rose in the streets of the business district as autos drove by.

The river broke its bank, near the Prestonsburg high school, flooding the school and gym, and also entered the northern sector of town via May's Branch, flooding 10 or more business places and many homes.

Some belongings of Governor Combs and his family, stored in the basement of their home near the Cliff bridge, were damaged by the water.

The highway was cut by water at both approaches to Prestonsburg, and at Lancer the floodwaters were prevented from causing major damage to the Lake Bowling Lanes only by a night-and-day fight, with men using sandbags and pumps. The water was kept off the lanes, although it rose to a height of 30 inches outside the building.

Both radio stations here went off the air as water invaded their studios, and communication depended upon "ham" radio operators who worked throughout the crisis.

Many of those hit by last week's flood borrowed money after the 1957 disaster in order to return to business. Facing the ruin of their stock and fixtures, wading through the mud and debris left by the receding waters, some openly declared they "had had it." Others stoutly prepared for resumption of business.

Said Bill Budd, National Red Cross representative, after watching Floyd countians and their reactions to the disaster:

"In most areas suffering recurrent flood damage, people usually throw up their hands and say, 'What's the use?' But not here. Here they fought to save their possessions and tried to take care of themselves. These people are a sturdy stock."

By Thursday the toilsome, dirty job of cleaning up the mess of mud and grime left by the flood was under way. And help, in the form of food, clothing, drinking water and medical supplies, was arriving.

The American Red Cross set up distribution points at the First Methodist Church here, in the Church of the Latter Day Saints (Mormon) at Martin and in Griffith's Furniture Store at Garrett. The first phase of its work is to meet immediate needs of stricken families with food, bedding and clothing. Later the work of rehabilitation will be undertaken.

The Floyd County Emergency & Rescue Squad, as usual, worked around the clock at Martin and in other stricken communities, as did Kentucky Highway Department employees, using trucks and earth-moving machinery.

Food and clothing collected by the Ashland Kiwanis Club at the request of the Rev. Ira McMillen, pastor of Unity Baptist Church there and formerly pastor of Irene Cole Memorial Baptist Church here, was brought to the county by trucks. Another Ashland shipment brought drinking water in milk containers directly to Martin and Allen. The town of Wheelwright sent drinking water to Martin, and the H. B.

Ranier Construction Company transported tanks of water there for cleaning use. Supplies also were sent to the county from the city of Louisville, and students of Eastern Kentucky State College were sending two truckloads into the county Tuesday.

The Small Business Administration set up temporary offices here and at key points throughout the region. SBA loans at 3% interest over a period of as long as 20 years will be available to restore flood-damaged property. President Kennedy declared Floyd, Pike, Knott, Martin, Clay, Owsley, Knox, Perry, Harlan, Letcher, Whitley and Johnson counties a disaster area.

The floodwaters had receded by Thursday but weary residents of the area suffered from the flood jitters early this week as more rain fell and streams rose again, and predictions of heavy rainfall Tuesday added to their anxiety. The prediction of two to four inches of rainfall for the area was scaled down, however, Tuesday morning to one inch, the U. S. Corps of Engineers announced, and so welcome respite from the dark threat of another flood was at least temporarily won.

Coal Company Employee Heart Attack Victim

Phillip Fitch, 44, motorman for the Stephens Elkhorn Fuel Corp., Manton, died last Thursday at his home at Martin, victim of a heart attack.

He was a son of the late Pete and Nancy Ellen Fitch, and was a native of Johnson county. Survivors include his widow, Mrs. Alka Bevins Fitch, four sons and one daughter, Ralph, David, Linville and Darrell, all of Martin, and Mrs. Juanita Ousley, Warsaw, Indiana. He also leaves two brothers and four sisters: Harold Fitch, of Tkaika; James Fitch, Warsaw, Indiana; Mrs. Dixie Baer, Baltimore, Maryland; Mrs. Irene Howard, Plymouth, Ohio; Mrs. Alma Seidage, Waverly, Ohio, and Mrs. Golda Lemaster, Paintsville.

His funeral was conducted Sunday from the Martin Free Will Baptist Church, the Revs. Bill Fraley, Doug Burkett and Ted Shannon officiating. Burial in the Martin cemetery was directed by the Hall Brothers Funeral Home.

For Representative

W. J. (BILL) REYNOLDS, JR. of Allen, Ky., candidate for REPRESENTATIVE District No. 95 (Magisterial Districts Nos. 1 and 2) Democratic primary, May 28

(Continued from Page One)

Then I slept on it, cooled off a bit, and read what I had written. As a consequence, I have decided not to print it, since the boys up there know all that I know and much more besides.

But I still say:

The time is past for mere surveys. The stakes haven't seasoned from the last one. The time is past for cost-benefit ratio studies. Two flood disasters within a period of six years and the threat of others hanging over many thousands, the homeless, ruined businesses, a natural hazard which forbids new business—all these cry out for action now.

There is no need for this newspaper to list our needs. They are well-known, all the way to Washington. Headwaters dams, floodwalls, stream-dredging, reforestation, small watershed projects—these are bywords in the official lexicon. But there has been too much of words already.

Eastern Kentucky needs its unemployed set to work, planting, digging, dredging, working with federal government support. It needs the transformation that safety from flood could bring; new business, encouragement to old, a chance to develop its resources here at home rather than to export its raw materials and buy them back at dear prices.

Yes, Eastern Kentucky has sinned, and those sins have been visited upon the children. The fathers denuded the hills of their forests, their descendants added the ravages of fire, and they plowed the steep slopes. Others came to gut the earth with shovels and added stripmining to the list of crimes.

But there are sins of omission as well as those of commission. It might be said, sin knows no strangers. While we have gone blindly about, actively sinning against nature, and even now as many of us repent with tears, there are those who sin by omission, in that they know what to do, have the means of doing it, and do so pitifully little.

OLD FOLKS FOR "HAPPY"

I was born in 1875 and as Chandler-Waterfield Chairman for Senior Citizens I wonder how many people today, if they were approached by someone on the street and offered several more dollars each week to feed their families on, would turn it down. No one would, you can rest assured. That is exactly what "Happy" Chandler is offering you by taking the tax off food, clothing and medicine, especially our old folks who get little enough as it is.

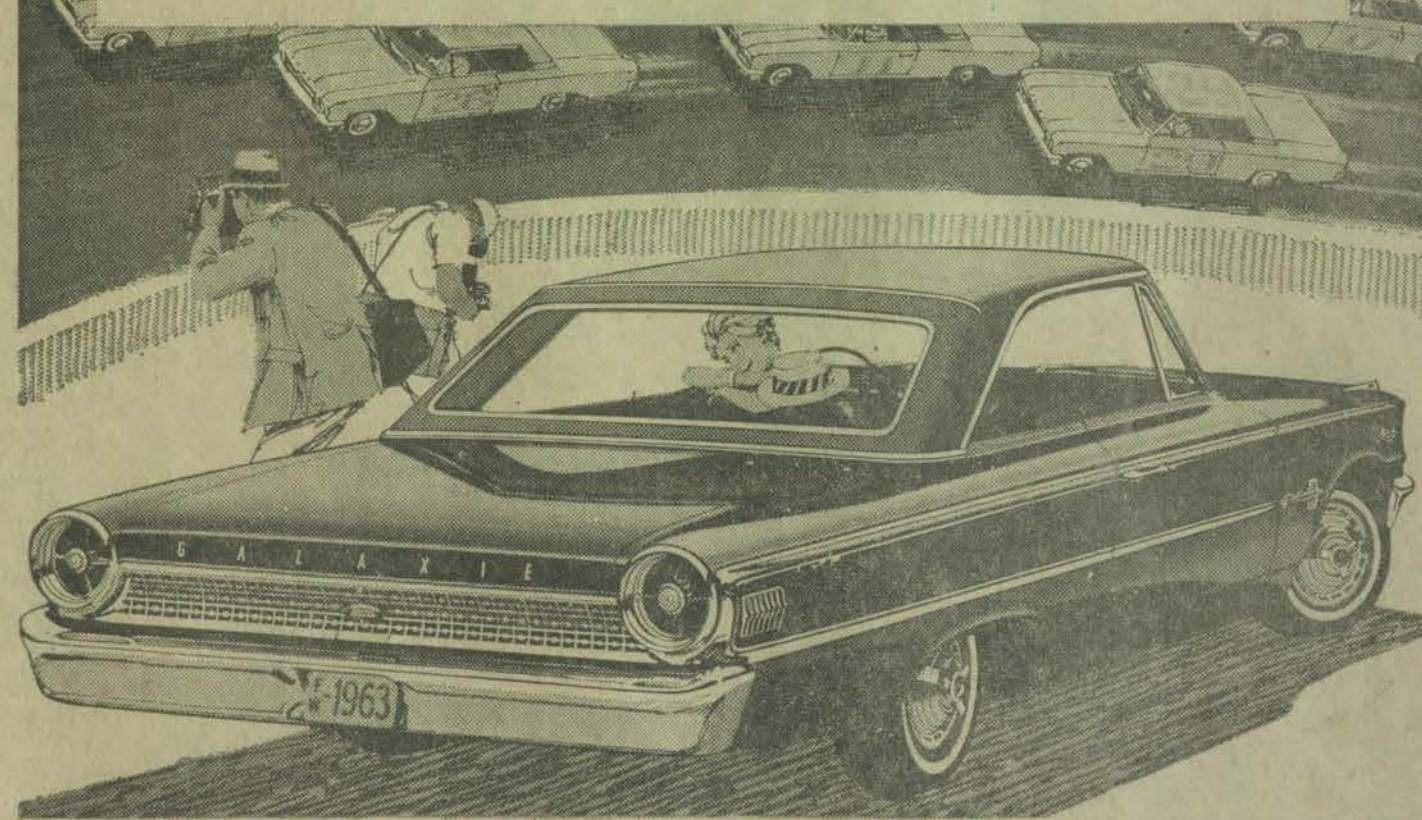

Combs and his bunch in Frankfort and the Town-Ring in Prestonsburg don't want the tax taken off because that may mean a cut in their big fat salaries they are receiving. They are not worried about the little man. He can eat surplus beans and dried milk.

After spending \$100,000.00 of the tax-payers money on a clock and another \$100,000.00 of the tax-payers money on a high-brow orchestra in Louisville, the MONEY-HUNGRY-BUNCH has very little left for the poor and the unemployed. The Courier-Journal keeps harping about the big-shots needing more and more money but never a word for the poor and the suffering. I will vote for "Happy" Chandler or anyone else who is willing to put more food in my children's mouths and more clothes on their backs. I ask you old people to remember "Happy" Chandler who as Governor rocked our country roads and took the lien off the old-age pensions.

Daytona is no "private" test arranged by a manufacturer to favor his car's strong points. It is open competition—anyone can enter—and the one thing that is proved by its searing 500 miles is just exactly how well a car hangs together. At Daytona, Florida, on February 24, five brand-new 1963 1/2 Fords showed the world what durability means by sweeping the first five places. And that has never been equaled in Daytona history!

The box score at the left tells the true story...car endurance that takes brutal punishment and comes back for more.

No proving ground can equal this kind of torture. Daytona was a challenge we welcomed, a chance to prove in open competition the essential durability that makes possible the silence, the solid road-grip, the ease of control, the balanced braking...and

all the other things that go into Ford's concept of total performance.

These were the same '63 1/2 Super Torque Fords that made styling history at their preview at Monaco, and which were recently announced at your Ford Dealer's. They're yours now; get behind the wheel and find out for yourself what total performance means!

Andy Newsom, 54, Is Victim Last Week; Funeral Held Saturday

Andy Newsom, 54, of Beaver, died Thursday of last week at home. A son of the late Charles and Rebecca Tackett Newsom, he was never married.

Surviving brothers and sisters are Grant Newsom, Estill Newsom, Tommy Newsom, all of Beaver, and Mardie Newsom, address unknown. Funeral rites were conducted Saturday from the home of Grant Newsom, the Revs. J. Lee Hamilton and Hershel Hamilton officiating. Burial was made in the family cemetery on the Tackett Fork at Beaver under the direction of Hall Brothers Funeral Home.

(Continued from Page One)
Conrad Bentley's home at Baptist Bottom washed 100 yards. Jeff Scott's house at Garrett washed off foundations and downstream several yards. Vanderpool Radio & TV Shop knocked from foundations. Truly Francis had two cars: an antique 1921 Dodge and a '63 Olds. He saved the Dodge, lost the Olds.

Loss estimates at Garrett: John Campbell, \$30,000; Kentucky Food Store, \$10,000; Gene Mullins Variety Store, \$8,000, home 07-000.

Water plant at Garrett out of water one day.

Two groceries, one hardware and one drygoods store in Garrett not hit. Water backed up Stone Coal creek fourth of mile, but creek left banks and surged into ten houses on creek.

All lowlying parts of Bosco flooded. Backwater at record depths up Salt Lick; in many homes.

All of area on Upper Beaver and into Hindman completely cut off from communications. Romeyn Dyer went to Hindman and operated a ham set. Set up at Thacker & Grigsby Telephone building. Reached Huntington, Lexington, Louisville, Frankfort, others.

One observer pointed out the scarcity of boats in the area prevented much saving of property. Forestry Division set up relay mobile units with headquarters at Hindman. Reached Prestonsburg, Jackson, Pikeville, Harlan, Hazard, etc. Reached Hindman Tuesday. There three days. Only means of communications. Phones partially restored Friday afternoon.

HINDMAN—Five feet of water in main street. Settlement school had several feet of water in low-lying buildings. 15 inches more water in Hindman than in 1957. Heaviest water was from Left Fork of Troublesome. Six feet over road leading into Hindman. Damage much greater than '57 because warning was less. Most stores flooded. Most lost stock.

MOUSIE—One foot water in Mousie, chiefly from Ball's Fork.

JONES FORK—An avenue of destruction all the way to Lackey. Water over highway. One home smashed by drift wood and knocked from foundation. Bridge at old Central Elkhorn went out. All houses in Central Elkhorn area two feet under water. Also homes near Stumbo Memorial hospital had two feet of water. Most people lost furnishings and furniture.

Knotley Hollow bridge out. Thursday, it seemed everybody was moving back into homes, all along U. S. 23. Compressor station at Dwale seemed to be out.

IVEL—Chester Layne warehouse for novelties removed from foundation and moved about 100 feet. Water seemed to be 18 inches deep in houses at Ivel and Tom's Creek. Approximately 100 houses affected. W. T. Hammond Store had 18 inches. Lost little stock except appliances.

STANVILLE—Five feet deep in Walter Hall Furniture Store. Loss is great. Two other stores flooded were Avery H. Harmon's and Sidney Cline's. Both suffered heavy losses in stock and appliances. Two bridges washed out on Mare Creek, cutting off residents. Five or six families at Stanville lost everything in furniture and furnishings.

Case of Sidney Cline, grocer: "People kept calling me, crying and begging for help and I kept

John E. Lafferty, 73, Martin, Heart Victim; Burial, Wills Cemetery

John E. Lafferty, 73, of Martin, died March 12 at 7:15 a.m. at home of a heart attack while removing furniture from his flood threatened home. He was a retired railway company employee.

Mr. Lafferty was a son of Robert and Armande Prater Lafferty and the husband of Dorcas Wills Lafferty, who survives. He was a member of the I.O.O.F. fraternity and of the United Baptist Church.

Surviving sons and daughters are Albert and Earl Lafferty, both of Newark, Ohio; Joe Lafferty, Pikeville; Charley and Amanda Lafferty, both of Martin; Bascom Lafferty and Mrs. Nellie Salisbury, both of Columbus, Ohio; Richard Lafferty, Bethany, Ohio; and Mrs. Ruth Hall, also of Martin. Surviving are a step-son, Bill Branham, and a step-daughter, Mrs. Mary Ellen Douridas, both of Columbus, Ohio. Surviving brothers and sisters are Charlie, Fisher, Marion, Jonah and Anderson Lafferty, all of Floyd county, and Mrs. Louellen Branham, Raceland, Kentucky.

Funeral rites were conducted Saturday at 10 a.m. from the Water Gap United Baptist Church, the Revs. Wallace Calhoun and Willie Rice officiating. Burial was made in the Wills cemetery under the direction of Turner & Ryan Funeral Home.

BABE DIES

Barbara Stone, one-day-old daughter of Don and Bobby Jean Dixon Stone, of Wayland, died Monday at the Hindman Clinic. Besides the parents, she is survived by one sister. Funeral services were held Tuesday and burial was made in the family cemetery at Hager Hill under the direction of Hall Brothers Funeral Home.

moving people until I lost everything in my store. By the time I got back to my store and started removing my stock the water was already in the store and I almost have lost everything."

HAROLD, BETSY LAYNE—Water five feet deep in Harold postoffice. Seemed to be about same in schoolhouse. Eight feet in Betsy Layne high school, six feet in lunchroom. Saved science and other equipment but book loss heavy. All food stored in lunchroom lost. Five families in Betsy Layne and Justell lost all furniture and furnishings. Thirty families piled their furniture in Calvary Baptist Church and in basement. Slept on davenettes, etc. Much furniture moved from Justell, across river, to Betsy Layne side.

Two homes burned at Harold: Home of Joe Taylor, burned Wednesday night. Estimated damage \$12,000. Water was around it and neighbors could not get to it to fight it. Doug Hall house, owned by Grant Akers. Doug was in hospital. Everything lost. Burned Tuesday night. Water several feet deep in Stumbo Service Station building at Harold bridge.

First bread and milk deliveries being made Thursday morning on river but deliveries of bread were made Wednesday into Mud and Left Beaver sections from Norton, Va. Water 12 feet deep over road and farms at mouth of Little Mud Creek section but little loss in furniture because houses built above water marks. Riley Hall General Merchandise Store at Amba complete loss of stock and appliances. New store, Water to roof.

Clear Creek went on rampage but little damage to homes, heavy to roads. A coal washing plant up a tributary stream of Clear Creek near Hayes Metal plant broke and the impounded water surged down on the plant. Knocked over the supply house and office. Several hundred tons debris piled on railway bridge at plant. Main building of concrete block.

Twenty homes struck hard at Price, between railroad and highway. All lost all furniture, etc. One family stayed all night in home without heat, water, food bedding.

McDOWELL—Water struck suddenly at 5 p.m. Many were unable to remove anything from homes. Twenty-five families lost everything. Water 18 inches deeper than in 1957, 10 inches deep in grade school, 4 inches in high school. Mrs. Anna Sue Stumbo, as soon as she was able to get to phone at approximately 5 p.m., began to call friends at Martin. Most were unbelieving.

MARTIN—Many stores had started moving Monday, so much was saved from stores. In 1957 backwater did considerable damage. Water then 58 inches deep in streets. 54 inches this time but was direct current. Everybody said damage greater this time because of current.

Barnett Gulf Service Station at Martin burned Wednesday night as flood water receded. Jack Dingus home at Warco burned Wednesday. Lost everything.

Water four feet in Allen grade school, most of "Old" Allen flooded. Dwale hit by water 1½ feet less than 1957.

WHAT HAPPENS AFTER DEATH?

In a few score years, all who read these lines will have vanished from the earth.

Every day, almost a hundred thousand human beings finish their earthly span and pass off into the vast beyond. Our turn will come we all know, but when, where and how we cannot be sure.

No merely human being ever has been able to look into eternity and tell us what it is like. No scientific knowledge or instruments can pierce the curtain that divides this world from that into which all of us must eventually journey.

All we know about God's eternal plans for us... all we know about what lies beyond the grave... comes from the God Who made us and to the extent He has seen fit to reveal it to us.

But we can face eternity without fear. For we have a definite answer to the mystery of death. With the facts God has put at our disposal through the inspired books of the Old and the New Testaments, the Catholic Church always has given, and gives today, a definite answer to the important questions raised by the fact of death.

Man's life in this world, the Church tells us, is a preparation for the world to come... a testing-time which ends with our death. What happens after that depends on whether death finds us loyal to God, or opposed to Him and the way He expects us to live. "... it is appointed unto men once to die and after this the judgment" (Heb. 9:27).

Christ gave us (Matt. 25:31-46) a description of God's judgment which leaves no room for doubt that our worthiness of everlasting reward will be judged solely according to the way we have lived

Miss Allen Named To Centre Dean's List

Danville, Ky., March 6 (Spl.). —Miss Sharon C. Allen, of Prestonsburg, a student at Centre College of Kentucky at Danville, has been named to the Centre "Dean's List" for having earned a high scholastic average for the first semester of the current school year.

Miss Allen was named to the list with honors for earning an average of from 3.20 to 3.49. She is the daughter of Mr. and Mrs. Norman Allen, and is a graduate of Prestonsburg high school with the class of 1960.

OUTSTANDING MEMBERS

Lexington, Ky.—The Utopia Clubs of Kentucky gave special recognition to two outstanding members and to a county club with an outstanding program at the organization's annual meeting held recently at Berea College. Utopia Clubs are made up primarily of young farm families.

STATE TEACHING JOBS MORE POPULAR, NOTED

Frankfort, Ky., March 5 (Spl.). —A "stay-at-home" attitude is getting more and more popular among young Kentucky schoolteachers. In fact, says Miss Louise Combs, director of Teacher Education and Certification for the State Department of Education, the number of teachers remaining in Kentucky to teach after college graduation is at its highest point ever.

"Instead of going outside the state to find a position," Miss Combs said, "many more young college graduates are choosing to stay at home in Kentucky to teach now."

She attributes this increased interest to four main factors:

1. Higher salaries and benefits.
2. Better school buildings and facilities.
3. An improved public image of the teaching profession in Kentucky.
4. An atmosphere of progress in the state's educational system.

Salary boosts for teachers since the advent of the sales tax in 1960 have raised the average yearly wage about \$1,100. The average salary this year is \$4,275, which is still \$1,460 below the national average.

Kentucky has had a school building boom during the past three years. Since 1960, a total of 90 new elementary and 28 new high schools have been built; additions have been made to 165 elementary schools and 72 high schools; and improvements made to 794 other school buildings. The result of this has been to provide an additional 3,595

classrooms for Kentucky school children.

Miss Combs noted that there is an increase in the number of men entering the teaching profession in the state. "Men can now earn enough teaching to support their families," she said.

"Along with salary increases, an improvement of the public image of the teaching profession has been a factor in influencing many qualified teachers to stay in the state," she continued. "Young people have a greater feeling of importance now than ever before. There is a spirit of progress in education systems in Kentucky today and more young men and women want to be a part of this progress."

Miss Combs also estimated that within four years Kentucky will have enough school teachers with college degrees to fill all available positions if the present salary level is maintained. She based the estimate on the rate of increase of fully qualified teachers during the past three years.

More teachers are fully qualified for their jobs this year than ever before, Miss Combs stated. An all-time high, 86 per cent, of all teachers in the Commonwealth this year have college degrees.

"The increase in teachers with degrees has been so great since 1960," she said, "that Kentucky is now recognized as one of the nation's high-standard states in teacher qualification."

Ninety-Three Students Named To Eastern List; Five Are From Floyd-Co.

Richmond, Ky., March 5 (Spl.). —Two hundred ninety-three students have been named to the Dean's List of honor students for the fall semester at Eastern Kentucky State College, President Robert R. Martin announced today.

Included in the select list were 32 students who compiled perfect scholastic records.

Students named to the honor roll list earned 40 or more quality points during the semester. Eastern uses the 1-2-3 point system, an "A" giving the student three quality points for each semester hour of credit; a "B" two quality points, and a "C" one quality point. No points are awarded for a grade below "C."

Floyd county honor students at Eastern are:

Patricia Anne McCormick and Larry Douglas Short, of Allen; Ronald Lee Hager, David; Judith Merle Roberts and John David Wallen, of Prestonsburg.

Betsy Layne Resident Victim In Lexington

Funeral services for Joe Stone, 89, of Betsy Layne, were held Friday at 1 p.m. at the Betsy Layne Church of Christ. Burial was made in the Ferguson cemetery at Boldman.

Stone, a retired miner, died at 8:40 a.m. Tuesday of last week in a Lexington hospital after a long illness.

Born in Pike county, he was a son of Moses Stone and Priscilla Ratliff Stone. He was a member of the Church of Christ. His wife, Mrs. Alice Stone, died February 5, 1953.

Survivors include four sons, Evan Stone, of Betsy Layne; John L. Stone, of Grand Rapids, Michigan; Rhoda Stone, of Louisville, and William B. Stone, of Pikeville; three daughters, Mrs. Tommy Robinson, Mrs. Ballard Lewis and Mrs. Cecil Rice, all of Betsy Layne and a sister, Mrs. Mattie Wilbur, of Garrett, Kentucky.

NOTICE

The residents of the communities of Harold, Betsy Layne and Stanville, Kentucky, having filed a petition in the Floyd County Court for the creation and establishment of a water district pursuant to K.R.S. Chapter 74, on March 2, 1963, which said water district is described as follows:

"BEGINNING in the South along Highway U. S. 23, at the Floyd-Pike county line, and extending along said highway to North of Mare Creek (P.O. Stanville, Kentucky) a distance of approximately 1,000 feet. Crossing the river at Harold, extending to the forks of highway of Big and Little Mud Creek, also crossing the river at Betsy Layne to Justell, otherwise running parallel with the Big Sandy River (Levisa Fork) on the West. Extending on the East up all small creeks as far as it is feasible. No water lines to be run beyond the point of feasibility."

Within thirty (30) days after the date of the filing of said petition and publication of notice, any resident of the proposed district may file objections before the County Court of Floyd county, objecting to the establishment of the water district or for any other reason pertaining thereto.

This 2nd day of March, 1963.

The amazing career of Ned Breathitt

VETERAN Enlisted and served 3 years in the Army Air Force, World War II. At University of Kentucky, president of ODK Leadership and Scholarship Honorary Society. Degrees in Law and Commerce.

CIVIC LEADER Served as director of Hopkinsville Chamber of Commerce, Chairman of County Library Board, School Board Attorney, Jaycee, Kiwanian, Red Cross, Elk, Scout leader, Sunday School teacher.

EDUCATION'S CHAMPION Ned co-sponsored Kentucky's Minimum Foundation Program for Education. He now pledges his help to continue and expand the present program to improve our schools.

FRIEND OF FARMER Always strong supporter of Kentucky farmers, Ned served on the House Committee of Agriculture. Led fight to control livestock disease, improve rural roads and tobacco research.

LAWYER Chairman of House Judiciary Committee in 1954. Served on Judicial Council of Kentucky. Member of Public Service Commission 1960-61. For 12 years a successful Hopkinsville attorney.

CAMPAIGNER Campaigned statewide for Alben Barkley in his successful 1954 campaign. State Speaker's Chairman in 1952 when Adlai Stevenson carried Kentucky. Won all six of his own State races.

LEGISLATOR Served 6 years in House of Representatives. Established record for leadership in education, highways and economic development. His bill led to Kentucky's first Mental Health Department.

ADMINISTRATOR Appointed State Commissioner of Personnel in 1959 to establish Kentucky Merit System. While Public Service Commissioner, utility services were improved, rates reduced \$1,316,000.

The famous Ned Breathitt smile is a family affair in this recent portrait. Ned married pretty Frances Holleman in Mayfield's First Baptist Church in 1948. Frances is an effective campaign partner. She is the daughter of Mr. and Mrs. M. L. Holleman of Mayfield. Ned is

the son of tobacco man, E. T. Breathitt, Hopkinsville. He is the grandson of Alex Wallace, a leading farmer of Trigg County. One of Ned's ancestors, John Breathitt, was Governor of Kentucky before the Civil War and Breathitt County was named for him.

Easter Seal Campaign For Crippled Children Set March 14-April 14

The 1963 Easter Seal Campaign, for the benefit of thousands of Kentucky children crippled by many causes, will be held March 14-April 14 by the Kentucky Society for Crippled Children.

Funds raised in the annual appeal help support a statewide program of services, ranging from hospitalization and out-patient therapy to summer camping at the state's only resident camp for the physically handicapped.

This year 400,000 letters containing Easter Seals will be mailed to residents in all 120 Kentucky counties. In addition to the mail appeal, volunteer workers throughout the state plan special campaign events.

The twin seals suggest the struggle faced by crippled children in overcoming their handicaps. Drawn as stylized silhouettes, they picture a small girl on crutches and a boy leaning on the Easter Lily symbol of the Kentucky Society for Crippled Children.

Last year the Society served 3,004 children and nearly 300 adults, reported W. T. Isaac, Danville, state campaign chairman.

"They included accident victims, children with birth defects, and those who had been disabled by such diseases as polio and cerebral palsy," he said. "No other private agency in Kentucky offers so wide a program for those crippled by so many causes."

Isaac is a board member of the Society, which is now in its forty-first year of service.

Retired Miner Victim At Paintsville, Mar. 3; Floyd Woman's Sister

Dola Hall, 68, retired miner of Stambaugh, died in a Paintsville hospital at 1:15 a.m., Sunday, March 3, after an illness of four months.

The son of the late Grant and Alice Baldridge Hall, he was born in Johnson county, May 24, 1894, and had lived there all of his life. He was a member of the Church of Christ.

Surviving are his wife, Mrs. Vivian Stambaugh Hall; two daughters, June and Janet Batey, Ypsilanti, Michigan; a step-daughter, Sara Stewart, Stambaugh; a sister, Mrs. Alice Music, East Point; four half brothers, Donald and Gaylan Hall, both of Van Lear; Barney Hall, Arizona; Johnnie Hall, Lexington.

Funeral services were conducted at 11 a.m. Tuesday at the Stambaugh Church of Christ with C. M. Blankenship and Cecil Sherman as officiating ministers. Burial was in the Chandler-Pack cemetery at Chandlerville.

Howard Lockhart Body Recovered from River; Missing Since November

Body of Howard Lockhart, 48, who disappeared at Shelbyville last November, was recovered Tuesday of last week afternoon from the rain-swollen Big Sandy River, between Harold and Betsy Layne.

Boys shooting at cans in the river at Coal Run spotted the body as it was carried by the swift current. State Police and the Pike County Rescue Squad were called. The body, clad only in shorts, was removed from the river approximately 20 miles downstream from Shelbyville.

Clothing of Lockhart, who was a miner, was found on the banks of Shelby Creek, November 21. A search of several days by the Pike County Rescue Squad was fruitless.

The victim is survived by his widow, Mrs. Pansy Lockhart, six sons, three daughters, a brother, four half-brothers and eight half-sisters. Burial will be made at Shelbyville, it was said at the Justice Funeral Home, Pikeville.

Carrots, cabbage, mushrooms, dry onions, sweet potatoes, rice, radishes and potatoes are the more plentiful vegetables this month.

Mrs. Lula M. Auxier, Age 72, Dies Feb. 20; Burial Made In Indiana

Mrs. Lula M. Auxier, 72, wife of Samuel L. Auxier, died February 20 in King's Daughters hospital in Madison, Indiana, after a six month illness.

She was a native of Paintsville, the daughter of Samuel P. and Cynthia Fitzpatrick King. She spent her early life in Johnson county, and was married to Mr. Auxier on December 24, 1908. The family moved to Switzerland county, Indiana, from Jefferson county in 1940 where they bought a farm near Allensville, Indiana.

She was a member of the Baptist Church of Paintsville.

Surviving besides her husband are three children, Miss Evelyn Auxier, Neon, Kentucky, George Auxier, East Enterprise, Indiana, and Edward Auxier, Chicago, Illinois, also the following brothers and sisters, Clarence King, of Allen, Raymond King, Paintsville, Mrs. George Cunningham, Paintsville, and Mrs. Carl Patrick, Westville, Indiana, and six grandchildren.

Funeral services were held February 22 from the Allensville Methodist Church.

Burial was made in New Prospect cemetery near Hanover, Indiana.

Police Officers Seek Recruits from Region For Washington Service

Two metropolitan police officers from Washington, D. C. visited Prestonsburg Monday as a part of the nation's capital recruitment drive for police officers needed to fill vacancies existing within the ranks.

Capt. J. V. Osterman and Pvt. R. L. Givens interviewed interested men and women at the State Employment office on March 11, between the hours of 9 and 11 a.m. Starting salary for patrolmen is \$5,650 per year. In addition they receive free medical and surgical treatment, protection of wives and families in case of death, a liberal retirement plan after 20 years of service and reaching 50 years of age, a five-day week, maximum 26 days vacation a year, and 30 days sick leave per year. Members of the force are allowed to participate in the United States federal government life insurance and group hospitalization programs at a minimum of cost.

Persons interested in one of these positions are urged to apply to Police Headquarters, 300 Indiana Avenue, N.W., Washington, D.C., the United States Civil Service Commission, or any U. S. Post Office for applications and further details.

Burchett Is Appointed New Trial Commissioner; Succeeds Harold Stumbo

Former Magistrate Glenn C. Burchett is the new trial commissioner for the Floyd quarterly court. Mr. Burchett was appointed to the \$300-a-month post by County Judge Henry Stumbo, effective March 1, upon the resignation of Harold J. Stumbo as trial commissioner.

Mr. Stumbo said he resigned because he would not be able during the current political campaign to give the office the attention it needs. He is a candidate for Commonwealth's Attorney.

Mr. Burchett previously served the court as trial commissioner.

Eggs and sweet potatoes—plentiful and thrifty buys right now—can be teamed up or served separately for good eating this month, USDA nutritionists suggest.

EARTHWORKS HELP... This levee hurriedly thrown across the front of Earl Castle's property on Branham street last Wednesday morning prevented water invading from the northern section of town from spilling uptown and behind the floodwall. Pumps at the flood-wall would not have been able to handle the water, had it not been halted, it was said.

COPPERAS LICK RURAL SCHOOL IN 1908

Many Eastern Kentuckians recall with nostalgic memories the old rural school at which they started their educational careers. This photograph, made in 1908, is of the Copperas Lick Rural School on Abbott Creek, Floyd county.

At the lower left of the picture is the teacher, Emma Davis May. At her left, indicated by an arrow, stands four-year-old Edward P. Hill, present Floyd County Circuit Judge. Third from the teacher's left is Hill's sister Peg, now Mrs. H. D. Hewlett. At top, near bell, are Mr. and Mrs. Sam May and on right of door in top row are Mrs. Jane May Hill, mother of Former Floyd County Judge Ed Hill, now of Mt. Sterling, and her mother, Mrs. Trimble May. H. T. Hill is in the center of picture.

The Hackworth, Snipe, Shell families, names of the individuals unidentified, are represented in the group.

The First National Bank salutes the old rural school, its dedicated teachers and the progressive citizens of today who attended as students.

Hollie Conley As Judge Offers Justice, Personal Morality, Firm Decisions, Dignity and Respect

Justice for all, with partiality to none, is the greatest of all qualities which your judge can offer. When partiality creeps into decisions of a court, when judgments are tempered by political considerations, you may be the one who suffers. As a candidate for the high office of Circuit Judge, I pledge prompt, courteous action based upon the facts and the law as I see it.

Respect for the dignity of your court and a belief in the justness of its decisions depends entirely upon the mentality, the experience, and the personal traits of the person who holds the position. As a husband, as the father of four children, as a businessman, as County Attorney and as Commonwealth's Attorney, as a citizen, I have ever attempted to be sober, honest, discreet and courteous—in short, I have shunned evil as well as the appearance of evil. I shall keep this attitude throughout my public service to you.

As your Commonwealth Attorney I have prosecuted with vigor those whom the facts indicated were guilty. Despite our best efforts, there is still much to be done in our county in eliminating crime. Perhaps the illegal liquor traffic lurks in the background of most criminal activities in our county. I have never flinched as Commonwealth Attorney in prosecuting those charged with this evil offense. It is my thought that our Grand Jurors may have been unable to completely investigate this particular type of crime because of the many other crimes coming before them. I WOULD PROPOSE TO CALL SPECIAL GRAND JURIES TO DO NOTHING BUT INVESTIGATE THE BOOTLEGGING TRAFFIC. If this won't do the job, I don't know what will.

Citizens are entitled to have their cases in court decided honestly and promptly. The issues should be met head on and a firm decision rendered, in a studious, conscientious and fearless manner.

This type of service to all I honestly pledge.

Your vote and support are earnestly solicited.

Your friend,

HOLLIE CONLEY

BRANK SERVES

Fort Polk, La.—Army Pvt. Calvin T. Brank, 18, son of Mr. and Mrs. Harry A. Brank, Wheelwright, Kentucky, completed eight weeks of advanced infantry training at Fort Polk, Louisiana, March 1.

During the training Brank received instruction in combat techniques and fired the M-14 rifle and the M-60 machinegun, two of the Army's newest infantry weapons.

He entered the Army in October, 1962, and received basic training at Fort Knox, Kentucky.

Brank attended Palmer-Dunbar high school, Ivel, Kentucky.

Peaches are the most popular canned fruit, say USDA statisticians.

You may sometimes notice that part of the egg white has twisted into a thick white cord. This chalaz, as it is called, holds the yolk in place in the white. Beating breaks up the chalaz.

GARRETT BLACK DEVILS BEAT McDOWELL HIGH

There was the devil to pay Saturday night at the Prestonsburg fieldhouse, and it was the Garrett Black Devils who collected. They defeated the McDowell high school Daredevils for the 15th region championship and a place in the "Sweet Sixteen" who played in the state tournament last week-end.

Garrett's Black Devils froze the ball for three minutes in an overtime period, ripping the nets for the game-winning basket with one second remaining to play to edge McDowell, 58-56.

The seesaw battle, which saw a Garrett lead melt away in the fourth quarter, and McDowell's Daredevils forge ahead by four points, was decided on a one-handed tip by guard Keith Lawson.

In the overtime which saw the contest knotted at 56-56, Garrett was able to grab the tip and freeze the ball for nearly three minutes. Guard Jimmy Cox was set up for a floor shot which was off the mark, but the Black Devils were able to get the rebound. The ball was tipped twice before hitting the nets, to enable Garrett to meet the winner of the Second region in the "Sweet Sixteen," at Louisville.

Heading the scoring for both squads was McDowell forward David Turner with 22 points. The losers' guard Shawn Howell bombed the basket for 16. Four Black Devils were in the double figures. They were forward John Bolen with 15; Lawson with 14, Cox, 13, and forward John Chaffins with 10.

The Daredevils led at the end of the first frame, 15-13, but were only able to rack up 13 in the second quarter to the Black Devils' 16, and were behind, 29-28, at the half. Shortly before the end of the third quarter, Garrett broke away with a 49-40 lead, but McDowell, with two straight buckets, slashed the lead to five.

The red-hot Daredevil five bombed the baskets for three more consecutive baskets to lead by one. McDowell tied the score at 50-50. The score was knotted at 52-52, but again the Daredevils' fired-up five banged away for two more baskets for a 56-52 lead.

Two quick jump shots by Chaffins and Cox tied the game again, and with one minute and 20 seconds remaining, McDowell snatched control of the ball. Turner blazed away at the basket and missed and Garrett got the rebound. They froze the ball for one minute and 14 seconds which set up Cox for a one handed shot from the floor missing as the buzzer sounded ending the regulation period of play.

Garrett and McDowell earned the right to meet for the championship.

In one of the top games of the year in the 15th Region, Garrett held on for a 61-59 win over defending regional champ Virgie. McDowell was never pressed in coasting to a 100-55 win over Pikeville.

After an 18-13 first quarter, Virgie moved ahead of Garrett, 34-31, at halftime. Garrett then bounced back in the third quarter to take a 43-40 advantage and set the stage for the hard fought fourth quarter.

Virgie closed the gap to one point at 54-55, but Jimmy Cox hit to free throws with 48 seconds left for a 58-55 Garrett lead. Cox hit another free toss with 28 seconds remaining, but Lynn Tackett came back with a goal for Virgie and Garrett led 59-57.

With two seconds remaining, Cox was again fouled and calmly dropped through two free throws for the clincher. Virgie scored on a long pass in bounds for the final margin as Garrett did not attempt to block the attempt for fear of fouling.

Cox finished with 23 points for Garrett for game scoring honors. Also in double figures for Garrett were John Chaffins with 13 and Keith Osborne with 10 points.

Virgie finished its season with a 25-9 record as Don Blair led his team's scoring with 18 points and Lynn Tackett registered 11. Dale Osborne followed with 14 points.

McDowell zoomed to a 12-0 lead en route to its win over Pikeville as the winners registered 53 points in the first half of play to 22 for the Panthers.

The well-balanced McDowell attack was paced by Curtis Little with 26 points while the team's leading scorer, David Turner, picked up 22 points. Also in double figures were Shawn Howell with 13 and Ron Moore with 12 points.

Pikeville did not have a player in double figures, but all 12 boys who played for the Panthers scored. Dick Bierman led with nine markers and Tom Mattox scored eight points. Pikeville finished with an 11-18 record.

KENTUCKY'S WHITE BASS RUN OFFERS FINE FISHING

Frankfort, Ky., (Special)—Kentucky's fishermen are blessed with an excellent population of white bass in the larger lakes as well as in many of the major streams, according to recent population studies conducted by fisheries biologists of the Department of Fish and Wildlife Resources.

White bass run to the headwaters of these major lakes to spawn and during that excursion large strings are harvested. The most famous section in Kentucky for these runs for many years has been the Dix River area, and the upper reaches of Cumberland Lake and Dale Hollow, as well as other impoundments, are fast becoming haunts for the ardent white bass fisherman.

Old timers say when the dogwood and dandelion are in full bloom the white bass will be on the run. Bernard Carter, director of Fisheries, is more scientific in saying that white bass generally run when the water temperature ranges around 62 degrees.

When the white bass make their run the fishermen have a wide choice of tackle, lures and baits. The purist, known to many as the flyrod artist, can account for many white bass by fishing such lures as streamer flies either in the swift waters or the eddies below riffles. White streamers seem to be the most preferred by the finny fighters. However, other colors are taken with relish at times. When the streamers fail good luck may be had by fishing similar spots with small silver or white spoons tipped with a dash of white pork rind for flavor and an added action.

The sportsmen who fish with a spinning or spin-casting outfit may use lures such as lightweight spinners with small white or yellow bucktails and smaller lures that have a built-in action with a plastic or metal lip. Still the colors most readily taken are white and silver.

It is highly possible, however, that the greatest catch is taken on live minnows. This excellent live bait can be fished by the fly rod fisherman as well as the angler using spinning, spin-casting or regular casting equipment.

Large pond minnows ranging from 2 1/2 to 3 1/2 inches are most desirable for this type of fishing. Most fishermen hook the minnow through both lips with a number two Aberdeen style hook with a medium size sinker located some 18 inches from the bait. By casting in a similar manner to that of an artificial lure great success may be obtained.

In some cases a cork may be placed above the sinker in order to keep the minnow from hanging up in the shallow water where many white bass are found during this outstanding fishing run.

The daily limit for white bass is based on a midnight to mid-day period, with a daily and possession limit of 60. There is no size limit on this species of fish in Kentucky.

Two McDowell Men Stationed In Korea

7th Infantry Div., Korea — Two soldiers from McDowell, Kentucky, Specialistis Four Nanthaniel Justice and John M. Stumbo, recently took part in Exercise Wintersnap II, a cold weather field training maneuver in Korea, with other members of the 7th Division's 17th Infantry.

The exercise was designed to test and improve the combat effectiveness of U. S. forces helping defend the Republic of South Korea.

The men completed basic training at Fort Knox, Kentucky, and were last stationed at Fort Benning, Georgia.

Specialist Justice, a rifleman in Company E of the infantry's 1st Battle Group, entered the Army in March, 1963, and arrived overseas the following September. The 22-year-old soldier, son of Henry M. Justice, attended McDowell high school.

Specialist Stumbo, son of Mr. and Mrs. J. M. Stumbo, is assigned to Company B of the infantry's 1st Battle Group. The 22-year-old soldier entered the Army in March, 1961, and arrived overseas in August, 1962. Stumbo is a graduate of McDowell high school and a 1961 graduate of Caney Junior College, Pippa Passes, Kentucky.

JUST LIKE OLD MAN RIVER

If you want a truck that does its work without yelling for attention all the time, buy a "new reliable" Chevrolet.

You have to take care of it; it's a machine. But this isn't a full-time activity. The clear idea is that the truck works for you, not vice versa.

The way to build such a truck is to put more quality into it. For example, Chevrolet doesn't build one type of suspension system for all sizes of trucks. Chevrolet designs suspension systems to

fit your need. The light-duty type is strong on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense? Conventional pickups have double-wall construction in cabs, doors, lower side panels. Roofs are insulated. Body floors are select wood, not metal. Tailgate chains are wrapped in rubber. If you'd like to examine or drive a new '63 Chevrolet truck, just call us. We'll be right over.

PRICE NAMED COORDINATOR

*Of Adult Education Job;
100 Telecasts Scheduled
To Develop Basic Skills*

With the first telecast of Operation Alphabet little more than a week away, Floyd education leaders were intensifying their efforts this week to gain greater interest in the undertaking and assurance that it will benefit the greatest possible number.

County Superintendent of Schools Charles Clark has named Lawrence B. Price coordinator of preliminary work to be done, and Mr. Price, in turn, has called two meetings this week to mobilize support.

The first meeting, on Wednesday, convened Parent-Teacher Association presidents. The second, scheduled for 2 p.m. Friday at Faith Bible Church, between Allen and Martin, will seek to enlist representatives of every group in the county.

Operation Alphabet is the 20-week series of 100 TV lessons which will be telecast over WSAB-TV (Channel 3) to develop basic reading and writing skills, and it is aimed specifically at the illiterate adult group, 25 years of age or older. However, it is pointed out, the lesson series can be beneficial to any person needing such help, regardless of age.

It is a joint effort, in this case, of the television station and the adult education departments of Kentucky, West Virginia and Ohio to bring the art of reading and writing to those who do not have these skills. The results of TV lessons elsewhere in the country have been highly successful.

The 1960 census showed that Floyd county had 906 persons age 25 or older who had no formal education and that 3,800 more were between the first and fourth grade levels.

Mr. Price said he hopes to have at the Friday afternoon meeting all ministers or other representatives of church groups, representatives of social, service and civic organizations, also of county and state agencies, business and labor—everybody who is interested in the attack on illiteracy and in helping others to a richer life.

From Friday's meeting workers will go, he hopes, to find those

AREA HIGHWAY TOLLS ANNOUNCED BY TINDER

Frankfort, Ky., March 4 (Spl.)—Receipts for the incomplete Mountain Parkway totaled \$10,554.90 for 17 days in January.

The receipts represented collections made from January 14, first day of toll collection, through January 31, according to Mitchell W. Tinder, executive director of Kentucky's turnpikes and toll facilities.

Tinder said there was no practical way of relating the January receipts or the receipts which will be received in the immediate future months to the Parkway's actual future potential. He pointed to the experience of the Kentucky Turnpike opened in 1956 between Louisville and Elizabethtown and which did not meet its expected potential until last year.

"The Kentucky Turnpike did not meet its earnings requirement until six years after it was opened to traffic," Tinder said. "However, present revenue trends of the Kentucky Turnpike point to retirement of its bonds by 1972—22 years ahead of original scheduling."

"The present and immediate future collections on the Mountain Parkway will not reflect an accurate revenue picture because the facility will not be completed until the toll section extends to Salyersville and the system of feeder routes is finished," Tinder said.

"The Mountain Parkway has not been opened officially or dedicated. The 43-mile section from Winchester to Campton was opened as a matter of public convenience on January 14. This section is to be part of a 76-mile toll section which will extend to Salyersville."

Feeder routes to the Mountain Parkway will include two legs. One will extend from Campton through Jackson and Hazard to Whitesburg; while the other will extend from Salyersville to Pikeville via Prestonsburg.

needing the help of Operation Alphabet, to interest them in learning to read and write, encourage them, to determine if they have television sets at home and, if not, if a set will be available to them at a nearby home.

"There's much to be done, and only a short time in which to do it," Price points out.

The first lesson will be telecast from 9:30 till 10 a.m., March 18. Thereafter, lessons will be given daily, five days a week for 20 weeks, at the same hour.

TOWN MEETING FRIDAY NIGHT

Our city is beginning construction soon on a sewer system which involves, directly, every citizen in Prestonsburg. The method of financing such a system, building of lines, etc., is complicated, and many questions and misunderstandings have arisen in our minds about the entire project.

For this reason we feel a town meeting should be held, and all these questions can be discussed at that time. In order to provide our city with sewers we have brought the project to the point of construction, but if it is to be successfully completed every citizen will have to understand the project and give full cooperation.

We urge you to attend this Town Meeting at the Prestonsburg grade school auditorium on Friday, March 22, at 7:30 p.m.
